USRA's percentage of total subcontract awards for the current awards for the current contract goal is 30.3%;USRA's actual cumulative subcontract awards totals 25.4%. USRA's actual goals for the last reporting period in the following categories were under goal: SDB,WOSB,HUBZONE and Veteran Owned and Disabled Veteran Owned. USRA is evaluating new Tasks to see if they can increase the participation of these business concerns into the program. USRA intends to continue this effort by reaching out to Women President's Organization for Cleveland, searching directories of women owned and small disadvantaged businesses and attending the Small Business Symposium as well as Veteran Owner Business groups to try to maintain and improve its performance against these categories. In regards to HUBZONE concerns, USRA will utilize any available SBA sources to try and identify viable Hub Zone candidates for program work. USRA notes that the current awarded value of the program is \$21,000,000. As additional tasks are awarded to USRA, it is USRA's intent, consistent with program requirements, to use every opportunity to place work with SDB,WOSB, HUBZONE and Veteran Owned firms to achieve its subcontracting goals.
